Vision >>>Results Roadmap

Every business starts with a **vision** – often the Founder's or Leader's **dream** or **sketch of an idea** – this cycle repeats at various stages of the business life cycle.

Source: Business Model Canvas

Design and Realize your Vision into tangible 5 year perspective **business plan** with industry experts.

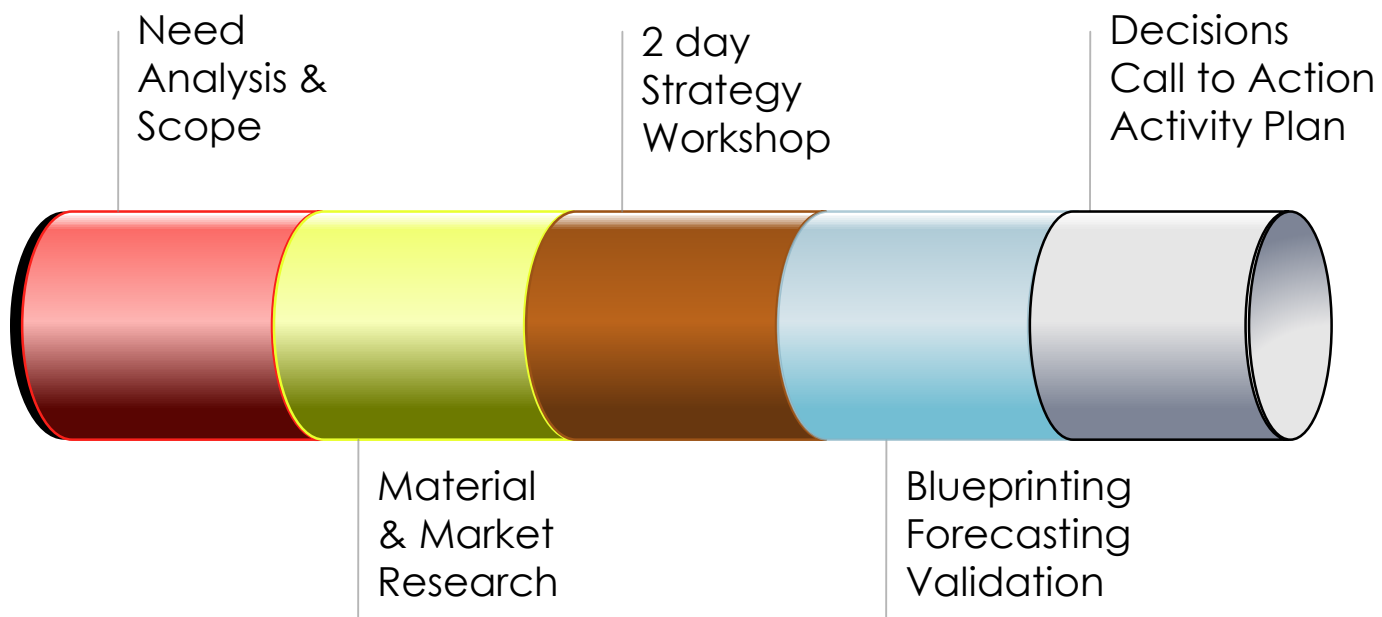

Visioning and Discovery workshop for Entrepreneurs and Business Leaders

Benefits

- Articulate your ideas into a tangible business model
- Validate the finances, process and people aspects
- Align the model with business / market / customer realities
- Create a decision framework to help you action it

Outcomes

- Validated business plan & direction for 5 years
- Choices and alternatives / priority of actions
- Roadmap for execution supported by research
- Tools and methods to support the actions

Engagement approach

The engagement spans a week with 2 days of face to face interaction with key stakeholders to do value clarification, build the business model and get basic alignment on key resources.

The report includes the following key deliverables -

- Business model
- Financial model
- Process model / Systems & Tools
- People model / Culture
- Market / Environment insights

The reports provides insights and lead-ins to implementation and suggests suitable tools as well.
